

Heights of Winter “Woodbury”

6 & 12 hour Rogaines
Saturday 11th June 2022

Dear Team,
Thank you for your entry.

Your team number is available below in Appendix 4.

Please enter your team number on the indemnity form (Appendix 3), print and bring to registration.

The team contact person is asked to please ensure all team members are familiar with all the information in this document. We hope you enjoy the event.

Welcome

Peninsula and Plains Orienteers welcomes you to the 23rd annual Heights of Winter Rogaine. This year's event is almost wholly on private land. We gratefully thank and acknowledge the support of the Landowners and their families who have welcomed us for the rogaine: Orari Gorge Station, Waimarie, Waihi Station, Holmes family, Port Blakely Limited, and the Dept of Conservation. Please ensure the trust they have placed in us is justified.

BIOSECURITY

Please ensure your gear, especially footwear and socks, are cleaned and have no dirt or seeds before coming to the event. Also straight after the event do the same cleaning of all your gear ready for your next adventure. Our continuing use of private land is dependent on this.

We also thank the Woodbury School who are catering for us and **Geraldine.NZ, Geraldine Cheese Company, Lynn River, Barker's and Waihi Bush** for the provision of prizes.

Getting to the event

Registration will be at the

Woodbury Hall on Woodbury Road (Lat. -44.035499°, Long. 171.210294°)
and the Start / Finish at

Orari Gorge Station on Tripp Settlement Road. (Lat. -43.969809°, Long. 171.168194°)

Hyperlinks to show the event location: [Bing maps](#) [Topomap.co.nz](#) [Google maps](#)

Turn west onto Woodbury Road from State Highway 72, 1.5km north of Geraldine. If travelling from the north, be extremely careful making this right turn from the state highway. Follow Woodbury Road, 5.4 km to turn right into the Woodbury Domain.

Total distance from central Christchurch is approximately 140km. Allow at least 1 hour 45 minutes.

Park as directed.

Accommodation

There is basic camping available at Woodbury Domain with a charge of \$10 per site (cash box) or full campground facilities at the Top 10 in Geraldine.

Registration

Registration from **7:00 am** (12-hour)
from **9:00 am** (6-hour) (do not arrive at Woodbury Hall before 8:30am)

Ensure your team is together and that you have your **completed indemnity form** with you.

Each **team member** will receive:

- an A3 map (1:40,000) with pre-marked controls, and control descriptions (on the reverse of the map) – see also additional notes, page 7;
NOTE: the map is printed on waterproof NeverTear paper so no map bag will be provided. If you wish to provide extra protection for your map that is your responsibility.

Each **team** will receive:

- two NAV TAGs – **NB:** In Mixed teams they must be worn by a male and by a female.
- an A4 (black and white) intentions map (see below).

Intentions map

Please mark your intended route (with direction arrow) on this map. The route you mark need not constrain your subsequent plans through the day, but it does provide backup information in the event of us having to call out SAR to look for you.

Briefing and Start

After registration you may plan your course at Woodbury Hall or proceed to the Start/Finish location at Orari Gorge Station on Tripp Settlement Road. Please use toilet facilities at Woodbury Hall, where there are multiple toilets available. There will be 2 pot-a-loos available at the Start/Finish location.

Directions: Turn right out of Woodbury Domain onto Woodbury Road. After 300m turn right into Burdon Road. After 4.1 km turn left into Tripp Settlement Road. Follow Tripp Settlement Road for 4.2 km following direction signs and park as directed.

Teams must be ready for the Start at Orari Gorge Station as follows:

- 12-hour teams must leave Woodbury Hall by 8:30am; hand in intentions map and activate NavTags before event briefing at **8:45 am**, for start at **9:00 am**.
- 6-hour teams must leave Woodbury Hall by 10:30am; hand in intentions map and activate NavTags before event briefing at **10:45 am**, for start at **11:00 am**.

The intentions map is to be handed in at the Woolshed prior to the Briefing. Both team members wearing the NavTags on their wrists must be present. Upon handing the intentions map in your two NavTags will be activated. **If you don't hand in your intentions and your NavTags are therefore not activated, then your entire run will be in vain.**

For details on using the Navlight Electronic Scoring System see the Heights of Winter 2022 website: <http://how.papo.org.nz/navlight/> .

Finish

The event will finish at the START/FINISH on the dot as follows:

6-hour at **5:00 pm**.

12-hour at **9:00 pm**.

Aim to finish on time; you will be penalised 10 points per minute late, but if you are more than 30 minutes late then all points will be lost.

As soon as you finish, register your wrist-tag on any one of several FINISH punches. You will then go into the woolshed and present yourselves to the assistants who will snip off your wristbands and score your Nav Tags. Wait for an immediate printout of your score. If you have any disagreement with it, see the Controller (in yellow vest), NOT the scoring team.

Post-event food

Your post event meal (a soup starter, a main of beef, pulled pork or falafel burger and dessert) will be at Woodbury Hall where you registered.

5:00 pm	6-hour Finish Food available at Woodbury Hall from 4:30 pm
6.00 pm	Results announced
9.00 pm	12-hour Finish Food available at Woodbury Hall from 8:00 pm
10.00 pm	Results announced

Please bring your own eating utensils for the post-event food that will be provided (soup mug, plate, dessert bowl, drinks mug, knife, fork and spoon)

Prize giving at 6:00pm and 10:00pm (or earlier if results finalised)

There are some great Spot prizes courtesy of Geraldine businesses – winners must be present to claim spot prizes. Some prizes can be redeemed by collecting a card on course (one per team).

Full results will be at how.papo.org.nz

The full sequential timetable is on the Heights of Winter 2022 website:

<http://how.papo.org.nz/event-timetable/> .

The map

- A3, printed on water proof 145 micron NeverTear paper
- Scale 1:40,000 with 20m contours, aligned to magnetic north.
- The terrain ranges from rolling pasture land to steep short tussock grassland dissected with gullies containing dense native vegetation and areas of pine forest.
Elevation ranges from 250m to 1000m.
- There are many areas of minor relief which do not show on the map with a 20 m contour interval.
- The map is based on the LINZ Topo50 data with updates from aerial photography, farm maps, GPS and field observations.
- Tracks and fences have been updated, therefore are mostly reliable. Vegetation has also been updated from recent aerial imagery with most areas of dense native vegetation identified. Low stature or less dense vegetation is shown in a lighter shade of green. In general the dark green vegetation will be difficult to cross, apart from specific routes which will be described in the notes provided at registration. The lighter green may or may not be crossable. Scattered scrub is more extensive than shown on the map, but should not affect route choices. However, navigate primarily using contour features that do not change, hills, gullies, streams etc.
- Streams are generally minor, but the Waihi River which flows west to east through the centre of the map, has deeper sections and in some places may be difficult to cross in wet weather. The Waihi River has one bridge and one recommended crossing point within the rogaie area. Most streams have steep slopes with native vegetation on the banks, which will limit suitable crossing points. Streams will rise quickly with rain so choose stream crossings wisely. See also Hazards, below.
- A number of areas have been mapped as out of bounds. These include dwellings, deer paddocks and winter fodder crops. Do not enter any farm buildings, except in extreme emergency. In a few cases you will need to walk through farm yards adjacent to farm buildings, houses and farm equipment. Please do not loiter in these areas.

Safety and Hazards

Safety is a priority during this event. However the organisers cannot guarantee your safety and you participate at your own risk. Your responsibilities include:

- carrying all compulsory protective clothing and other safety equipment.
- staying together as a team at all times, and providing mutual support.
- helping any other team you find in difficulties.

Hazards to be aware of are:

- **Hypothermia.** Already this season parts of the map have been covered with snow. Wind can make it bitterly cold on exposed high ridges. Wind, water, snow and cold temperatures can lead to exposure or hypothermia. Early symptoms are subtle (clumsiness, lethargy, slurred speech). Be prepared to seek shelter or to call it a day if conditions are severe, or if any of your team is becoming exhausted. It is mandatory for all competitors to be equipped for winter conditions.
- **Streams.** Choose stream crossing points carefully. Streams may become uncrossable during rain and should not be crossed if they are heavily swollen. Be prepared to change your route/plan if you need to get around a swollen stream.
- **Cliffs, slippery rocks.** There are cliffs and outcrops throughout the event area. Please be very cautious around steep faces and rock bluffs, especially after dark.

- **Rough ground and slopes.** All slopes can become slippery. Choose shoes with excellent grip. In some areas loose rocky slopes are hidden by grass cover.
Also be alert to hidden obstacles such as rocks and loose fencing wire.
- **Fog/low cloud.** If in fog, orientate the map and yourself with a compass. If in doubt, don't climb into cloud, and descend out of it.
- **Fences:** There are some fences which include an electric wire (treat as on), but most are relatively easily crossed. Use your map or some plastic for insulation to hold an electric wire down. Take care where there is barbed wire. Preferably cross through fences between the wires and only climb over them where you can put your weight on a solid post. There are a few high deer fences within the rogaine area, which can be crossed, but most have gates within short distances.
- **Scrub:** The terrain is interspersed with native bush and scrub. If you enter thick scrub it is likely there is an easier route, backtrack and go around. Full body cover is advisable, but is already required (see **Hypothermia**, above).
- **Road traffic:** You are unlikely to make much use of roads but where you do – face oncoming traffic, keep to the extreme verge, wear reflective clothing after dusk.
- **Cattle:** There are many cattle, including bulls, on the rogaine farms. Most are friendly and may be inquisitive, but take care not to isolate individual animals from the rest of the herd. Stay calm, move confidently and do not agitate the animals. If in doubt modify your route to give cattle, especially lone bulls, a wide berth. Never turn your back on a bull, as turning and running invites being chased. If you get cornered by a bull, shout loudly and strike it repeatedly on the nose with a stick to make it close its eyes, then get out of there as fast as you can.
- **Hunters:** It is possible that hunters who are unaware of the rogaine will come into the area. At dusk be sure to use your torch so that you easily are identified as human.

In the event of serious injury or exhaustion, make injured person warm and comfortable; arrange, if possible, to leave someone with the person; note your exact location on the map; seek help via nearest road. Emergency signal: repeated short blasts on whistle. Repeat if you hear one long blast. A First Aid Unit will be in attendance at the Start/Finish.

It is recommended that each team carry a cellphone, for use in an emergency, but it must not be used for navigation. Generally there is patchy coverage across the map, with reasonable reception on the highest points. If you are able to get reception ring the emergency numbers **021 900 467** or **027 275 8414** which are also printed on the map. If there is no response and life is in danger call 111. It is also recommended that if at all possible each team carry a Personal Locator Beacon.

If you become totally disorientated, try to follow ridges or farm tracks east to lower ground. Unless there is an adjacent track the valley floors are often covered in native scrub and streams are frequently steeply incised.

We will patrol roads at approximately three hourly intervals during the event.

What to bring

All competitors must be fully equipped for adverse winter conditions with full body storm weather cover.

Compulsory Gear List– All teams taking part in the event must wear or carry the following equipment.

Per team member

- Whistle
- Thermal top in addition to whatever you start off wearing (e.g. polypropylene, merino)
- Thermal bottom (eg polypropylene, merino)
- Waterproof jacket
- Hat and gloves.
- Water and food (e.g. lollies, muesli bar, other snack foods)
- Survival blanket or pack liner
- Headlamp/torch with new batteries (including 6 hour teams)
- Backpack to carry above
- Suitable, robust, well-fitting footwear with well-treaded soles.

Per team

- Watch
- Compass.
- First aid kit
- Cell phone

Suggested Additional Gear– Participants may also wish to consider having and/or carrying the following:

- Highlighter to plan and mark your route.
- Pencil or pen to record codes if there are faulty controls.
- Gaiters, tights or similar lower body protection clothing.
- Waterproof leggings.
- Walking poles.
- Personal Locator Beacon
- UV or chlorine water treatment, if you wish to drink water from streams.

The organisers reserve the right to check your equipment and decline to allow you to start if it is considered you are not suitably equipped.

Food and drink

Carry enough for a long day in the field. You may return to the Start at any time during the event to finish or rest. Post-event food will be available at Woodbury Hall where you registered.

There will be 3 water refill stations as marked on the map. If you choose to refill from one of the many creeks, filtration, UV treatment or chlorine tablets or drops are recommended as almost all areas are grazed by farm animals. Streams in headwaters in native bush or forest, typically flow clear and are likely to more suitable for drinking.

First Aid

A First Aid Unit will be in attendance at the Start/Finish.

Other useful information

- Sunset will be at approximately 5:00 pm.
- The moon will rise just after 2:40 pm and will be at its highest at 9:40pm (at 87% illumination).

Woodbury School fundraising

Woodbury School will be selling some merchandise featuring local place names, including some from the rogaime map:
Tea towels \$12 or \$10 if purchasing 5 or more;
Tote bags \$15;
Headbands / neck gaiters \$5

Cancellation

This event will only be cancelled if conditions are extreme. If cancellation is made before the day this will be posted on the PAPO website www.papo.org.nz and by email notification; otherwise such will be notified at the start.

The organisers reserve the right to shorten the event for safety or other reasons.

Any queries, including advice to beginners, to:

Alister Chch 353 8567 or 021 900 467 or alister.metherell@gmail.com

Raymond 027 275 8414

Good skills

Alister Metherell & Raymond Nicholson (for the *organisers, PAPO*)

Appendix 1: Rules in brief

Rules in brief

- Use rogaie event map and compass only. GPS or altimeters are not permitted.
- Travel only on foot.
- Your team may visit any number of controls and in any order.
- Team members to stay within verbal contact of each other at all times. All members must approach within 20 metres of each checkpoint. (Your fellow competitors will be watching)
- If in the unlikely event that a control is missing be able to describe the local setting or take a photo.
- If a competitor wishes to withdraw, the entire team must return to START/FINISH and notify organisers. (Team retains current points score.) Teams of one are not permitted.
- 12 hour event finishes at 9.00 pm; 6 hour event finishes at 5.00 pm (regardless of actual start time); or as specified at start.
- When your team finishes, all members must be together when the finish punches are tagged.

Procedure at each control

- Each control comprises an orange or pink and white flag, coded punch with control number
- Insert the Navlight Punch in your Navlight wrist Tag – When punching is completed (about 1 second) a red light flashes.
- If you don't see a light flash it is ok to repeat the punching. After repeated attempts and you still haven't seen any red lights you should record the three letter code on the inside of the punch.
- Both team tags must be punched at EVERY control

Points value, penalty points, protest

- Points 20-29 are worth 20 points, points 30-39 are worth 30, etc., with 100-103 worth 100 points – this information will also be on the back of your map
- 10 points penalty for each minute late. 30 minutes late - all points lost
- Protests to organisers within 15 minutes of finishing and no later than 5:30 pm (6 hour); 9.30 pm (12 hour).
-

Appendix 2: Environmental and farm care

- Clean your gear before and after the rogaie.
- Keep clear of buildings, machinery.
- Gates to be left as found - usually closed. If your team opens a gate then your team closes it.
- Cross fences with care - through wires (some will be electric), cross at a post.
- Please climb over gates at the hinged end.
- Don't crowd stock or trample crops.
- Out of bounds means OUT OF BOUNDS.
- No **rubbish**, no dogs, no firearms. Dogs are not allowed at all.
- Report any damage, distress to stock, etc. to event organisers.
- No smoking.
- All Human Waste must be buried. There will be toilets at Woodbury Hall, the Start/Finish and two Dept of conservation campsites on the course.

Heights of Winter Indemnity FormSaturday 11th June 2022

Please enter your team number here:

--

Each team member is to fill in and sign. Designated team member to hand form in at registration on Saturday 11th June 2022.

Neither Peninsula and Plains Orienteers nor the landowners accept liability for any accident or injury to participants during the event. Competitors agree to abide by the rules as set out in the event information and compete at their own risk.

Name	Signature	Date

Emergency Contact

Your name and Vehicle Registration Number (parked at this event)	Emergency Contact (not a competitor) Name, Address, Phone No.	Allergies or Medical Condition

NOTE:

1. A parent or guardian must sign the indemnity form on behalf of a competitor under the age of 18.
2. Supply the name, address and telephone number of a person to contact in the event of an emergency. This person must not be a competitor in the event.
3. Supply details of any medical conditions or allergies that might be of assistance to First Aid staff in the event of an accident or emergency.
